

PARTNER PITCH DECK

SplitOut

The ultra-low friction patch for handball, futsal & floorball goalkeepers.

Protects joints. Revolutionizes goalkeeping.

ABOUT SPRAINO

Who We Are

Transforming the markets for medical and sports footwear through science, biomechanics, and friction control.

Our story

Spraino was founded by MD **Thor Grønlykke**, who built the first prototype to end his own endless ankle injuries on the basketball court.

Knowing the scientific literature pointed to high-friction floors as a major culprit, Thor set out to counter it without compromising performance. The answer lay at the edge of the shoe: a low-friction material applied to the outer edge of the sole. After years of development and testing, the idea was perfected, and today peer-reviewed research in the *British Journal of Sports Medicine* confirms the patch's effectiveness.

We realised the same patch could help goalkeepers too, so we developed SplitOut. Next slide, we'll get into how it works →

Scientifically proven effect

Laboratory tests show Spraino reduces the harmful force during a twist by **more than 90%**. That means far less stress on bones, ligaments, muscles and tendons than using no aids at all.

53%

Lower risk of serious ankle injuries.

59%

Lower risk of serious non-contact ankle injuries.

66%

Less overall ankle-injury time, up to two-thirds.

36%

Faster return to full speed for injured athletes.

HOW IT WORKS

How we revolutionize goalkeeping

Applied to the heel of the goalkeeper's shoe, SplitOut's ultra-low friction surface enables smooth, rapid slides while reducing stress on knee and ankle joints.

Ultra-rapid glide

Smoother & faster than regular sports tape.

Joint protection

Reduces braking forces on knees & ankles.

Faster split-saves

Reach corners further and faster.

Balance control

Prevents loss of balance when gliding.

No jarring

Eliminates sudden, painful stops.

Long-lasting

Durable performance vs standard tape.

PROOF

Used by elite professionals

Top goalkeepers from FC Barcelona, PSG & national handball and futsal teams trust SplitOut.

"SplitOut is a great product because it is better than regular sports tape. It makes you faster during splits, and it lasts longer!"

Emil Nielsen

FC Barcelona & Danish National Handball

"SplitOut helps me achieve my ideal split. It prevents me from being braked [by friction] and the patch makes my splits faster and smoother."

Jannick Green

PSG & Danish National Handball

"SplitOut has helped me become a better goalkeeper. It is completely essential to my playing style and training when it comes to foot parries. I wouldn't know what to do without SplitOut."

Frederik Peytz

Danish National Futsal Team

"SplitOut helps me achieve a better glide and reach [corners] further and faster when making split-saves, which there are lots of in Futsal. I am very satisfied and warmly recommend SplitOut to other keepers."

William Rams

Danish National Futsal Team

COMPETITIVE COMPARISON

How do we compare to other solutions

SplitOut vs. the workarounds goalkeepers use today.

Strong
- ~

Partial
- ✗

Weak

	SplitOut PURPOSE-BUILT PATCH 	Sports tape DIY 	Specialist GK shoe FIXED BUILD 
Glide performance	✓ Engineered ultra-low friction	~ Improvised, variable	~ Built-in, but higher friction
Consistency & durability	✓ Consistent, lasts longer	✗ Wears fast, constant re-taping	✓ Lasts, not tunable
Knee & ankle protection	✓ Designed to cut braking forces	~ Incidental	~ Partial
Keep your own shoe	✓ Any shoe	✓ Any shoe	✗ One model only
Backed by science	✓ Backed by peer-reviewed research	✗ Anecdotal	~ Brand claims

Why partner with SplitOut?

Proven product

Already adopted by athletes across multiple levels, with customers returning to buy new patches as they wear out.

Unique category

The first and only friction-reducing patch designed for goalkeepers. No direct competition means you own the shelf space.

Scalable & simple

Easy to stock, ship and sell. A consumable accessory goalkeepers reorder regularly, creating predictable recurring revenue.

Health + performance

Athletes report joint-pain reduction. A dual value proposition that resonates with consumers.

PARTNERSHIP

Let's build this together.

We're looking for distribution partners who share our passion for sport performance and athlete health. SplitOut is proven, ready-to-ship and backed by elite endorsement.

Get in touch to discuss partnership terms, distribution rights and margins.
